

Women Effect Investments Initiative Convergence XIV: Investing with a Gender Lens

Participant Questionnaire

We are carefully designing the agenda of Convergence to reflect your interests, your passions and your current focuses. This is a rare opportunity for a set of leaders in the charge to intelligently incorporate a gender lens into investing to come together and benefit from our collective perspective and wisdom. We want Convergence to celebrate our different backgrounds and sets of expertise and to establish some common ground. With that in mind, we would like to incorporate your responses to the following questions as we imagine and design a set of conversations that will be catalytic for the gender lens investing ecosystem. Thank you for your help in creating Convergence, and we look forward to seeing you in September!

We do not think that there is a right way to answer these questions, but the more we hear from you, the richer the content design – We're eager to spend time reading what you have to say! We also welcome additional feedback you might want to add outside the context of these particular questions and **any resources that you think might be beneficial are much appreciated!** (links or attachments would be great)

Please send the completed form to Jennifer John at john@critterionventures.com.
